NOTICE OF RECEIPT
PETITION TO AMEND THE ENERGY COMMISSION DECISION for the MOUNTAINVIEW POWER PROJECT (00-AFC-2C)

On May 8, 2006, the Mountainview Power Company, LLC (MVL) filed a petition with the California Energy Commission requesting to modify the Mountainview Power Project (MVPP). The 1,056-megawatt project was certified by the Energy Commission on March 21, 2001. Unit 3 began commercial operation on December 9, 2005, while Unit 4 began commercial operations on January 19, 2006. The facility is located in the City of Redlands, in San Bernardino County.

DESCRIPTION OF PROPOSED MODIFICATIONS

The modifications proposed in the petition would: (1) increase the volatile organic compound (VOC) emissions limits in the existing South Coast Air Quality Management District (SCAQMD) permit and Energy Commission license from 1.4 parts per million volumetric dry (ppm_{vd}) to 2.0 ppm_{vd}. MVL will provide additional emission reduction credits (ERCs) which will fully offset the proposed VOC emissions increase, while still remaining within the SCAQMD BACT limits. (2) Change the equipment description for the emergency generator to the manufacturer and model number currently installed at the MVPP (Caterpillar Model 3512B-LE2200).

ENERGY COMMISSION REVIEW PROCEDURES

The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality, and public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and if the project, as changed, will remain in compliance with applicable laws, ordinances, regulations, and standards (Title 20, Calif. Code of Regulations, section 1769). Energy Commission staff is currently analyzing the request and will publish an analysis in the next several weeks. A public hearing for the purpose of approving or denying the amendment proposal will subsequently be held at a regularly scheduled Energy Commission business meeting.

This Notice of Receipt is being mailed to interested parties and property owners adjacent to the project site who may want to participate in the amendment process.

The petition is available on the Energy Commission's website at www.energy.ca.gov/sitingcases/mountainview/compliance/index.html. The staff analysis (when published), and the Energy Commission Order (if approved); will also be posted on the website. If you would like to receive a hard copy of the petition, staff's analysis, and/or the Energy Commission Order if the changes are approved, please complete the enclosed Information Request Form and return it to the address shown.

If you have any comments or questions, please contact Donna Stone, Compliance Project Manager, at (916) 654-4745, or by fax to (916) 654-3882, or via e-mail at: dstone@energy.state.ca.us within 14 days of the date of this notice.

For further information on how to participate in this proceeding, please contact Margret J. Kim, the Energy Commission's Public Adviser, at (916) 654-4489, or toll free in California at (800) 822-6228, or by e-mail at pao@energy.state.ca.us. If you require special accommodations, please contact Lourdes Quiroz at (916) 654-5146. News media inquiries should be directed to Assistant Director, Claudia Chandler, at (916) 654-4989, or by e-mail at mediaoffice@energy.state.ca.us.
