RECD.	DEC 17 2010

Mark Kehoe
Director of Environmental and Safety Programs
GWF Power Systems
4300 Railroad Avenue
Pittsburg, CA 94565

SUBJECT: GWF TRACY EXPANSION PROJECT (08-AFC-7C)
AUTHORIZATION TO BEGIN SITE MOBILIZATION

Dear Mr. Kehoe:

The Energy Commission staff is currently in the process of completing its review of the pre-construction requirements for the GWF Tracy Combined Cycle Power Plant Project BUT has determined that site mobilization may commence as of December 20, 2010.

Biological and cultural resource monitors shall accompany the crew during all activities.

Review of the pre-construction submittals will continue and you will be given a full notice to proceed for all other activities when all pre-construction submittals are approved as required by the conditions of certification.

The Energy Commission will continue to work closely with GWF Power Systems to ensure conformance with all conditions of certification as written in the Energy Commission's Final Decision. Lack of conformance with any of the conditions of certification may result in suspension of construction activities.

If you have any questions, please call me at (916) 654-4842 or e-mail me at CMDavis@energy.state.ca.us.

Sincerely,

Chris Davis
Compliance Project Manager
