DOCKETED
09-RENEW EO-1
TN # 66356
JUL 27 2012

California Energy Commission: 7-25-2012

Please preserve the area of El Mirage Dry Lakebed.

It has been a tradition for persons who have had time trials there since the early 50's. Today third generations are following this tradition. These events are important to families and well supervised within the rules of BLM. Do not over look this "Special area" because of needs of energy for California.

Governor Brown should make an effort to come and see what goes on within his State before signing "ANY" bills.

Although I have lost a husband @ El Mirage I know it is his wish that others retain the tradition of the SCTA continuing time trials on this lakebed. Judith Dean
