Dear Mr. Walther:

The San Diego Air Pollution Control District (District) received your April 17, 2007 request for an extension of time on the review of the Application for Certification and Authority to Construct Number 984569 for the proposed South Bay Replacement Project located at 990 Bay Boulevard, Chula Vista, CA 91911. Because the District already granted your February 6, 2007 request for an extension of application review time, a second request for time extension is not available. Therefore, review for the Preliminary Determination of Compliance and Authority to Construct must continue unless there is a request from the applicant to cancel the application.

If there are any questions, please contact the undersigned at (858) 586-2747.

Sincerely,

Camqui Nguyen
