P.O. Box 1391
Temecula, CA 92593

PROPOSED NEW POWER PLANT NEAR ROMOLAND, COUNTY OF RIVERSIDE

Dear Samuel H. Dunlap,

Your name was provided to the California Energy Commission (Energy Commission) by the Native American Heritage Commission as a representative of a Native American community who might be interested in the proposed construction and operation of a power plant near Romoland, in Riverside County.

The Energy Commission has jurisdiction over the proposed project and has received an application for a permit to build and operate the power plant, known as the Sun Valley Energy Project, of approximately 500 megawatts. You will receive, if you have not already received, specific information about the proposed power plant from the project applicant. Information about the project can also be viewed on the Energy Commission website at http://www.energy.ca.gov/sitingcases/sunvalley/index.html.

Please review the information you receive from the project applicant, and if you have concerns regarding cultural resources that could potentially be affected by the proposed power plant and related facilities, please contact Beverly Bastian (Phone: 916-654-4840; Fax: (916) 651-8868; E-mail: bbastian@energy.state.ca.us). You may also call the Energy Commission's Public Adviser, Margret J. Kim, toll-free at 1-800-822-6228, for assistance in participating in the Energy Commission's review of the proposed project.

The Energy Commission cultural resources staff welcomes your comments. By this summer we expect to complete the preliminary environmental assessment. Over the coming months we will also be holding workshops and hearings on the project and our assessment. You will be notified concerning the times, locations, and topics to be covered.

Sincerely,

Paul Richins, Manager
Environmental Protection Office

Dear Robert Smith,

Your name was provided to the California Energy Commission (Energy Commission) by the Native American Heritage Commission as a representative of a Native American community who might be interested in the proposed construction and operation of a power plant near Romoland, in Riverside County.

The Energy Commission has jurisdiction over the proposed project and has received an application for a permit to build and operate the power plant, known as the Sun Valley Energy Project, of approximately 500 megawatts. You will receive, if you have not already received, specific information about the proposed power plant from the project applicant. Information about the project can also be viewed on the Energy Commission website at http://www.energy.ca.gov/sitingcases/sunvalley/index.html.

Please review the information you receive from the project applicant, and if you have concerns regarding cultural resources that could potentially be affected by the proposed power plant and related facilities, please contact Beverly Bastian (Phone: 916-654-4840; Fax: (916) 651-8868; E-mail: bbastian@energy.state.ca.us). You may also call the Energy Commission's Public Adviser, Margret J. Kim, toll-free at 1-800-822-6228, for assistance in participating in the Energy Commission's review of the proposed project.

The Energy Commission cultural resources staff welcomes your comments. By this summer we expect to complete the preliminary environmental assessment. Over the coming months we will also be holding workshops and hearings on the project and our assessment. You will be notified concerning the times, locations, and topics to be covered.

Sincerely,

Paul Richins, Manager
Environmental Protection Office

You will receive, if you have not already received, specific information about the proposed power plant from the project applicant. Information about the project can also be viewed on the Energy Commission website at http://www.energy.ca.gov/sitingcases/sunvalley/index.html.

Please review the information you receive from the project applicant, and if you have concerns regarding cultural resources that could potentially be affected by the proposed power plant and related facilities, please contact Beverly Bastian (Phone: 916-654-4840; Fax: (916) 651-8868; E-mail: bbastian@energy.state.ca.us). You may also call the Energy Commission's Public Adviser, Margret J. Kim, toll-free at 1-800-822-6228, for assistance in participating in the Energy Commission's review of the proposed project.

The Energy Commission cultural resources staff welcomes your comments. By this summer we expect to complete the preliminary environmental assessment. Over the coming months we will also be holding workshops and hearings on the project and our assessment. You will be notified concerning the times, locations, and topics to be covered.

Sincerely,

Paul Richins, Manager

PROPOSED NEW POWER PLANT NEAR ROMOLAND, COUNTY OF RIVERSIDE

Dear Mark Mojado,

Your name was provided to the California Energy Commission (Energy Commission) by the Native American Heritage Commission as a representative of a Native American community who might be interested in the proposed construction and operation of a power plant near Romoland, in Riverside County.

The Energy Commission has jurisdiction over the proposed project and has received an application for a permit to build and operate the power plant, known as the Sun Valley Energy Project, of approximately 500 megawatts. You will receive, if you have not already received, specific information about the proposed power plant from the project applicant. Information about the project can also be viewed on the Energy Commission website at http://www.energy.ca.gov/sitingcases/sunvalley/index.html.

Please review the information you receive from the project applicant, and if you have concerns regarding cultural resources that could potentially be affected by the proposed power plant and related facilities, please contact Beverly Bastian (Phone: 916-654-4840; Fax: (916) 651-8868; E-mail: bbastian@energy.state.ca.us). You may also call the Energy Commission's Public Adviser, Margret J. Kim, toll-free at 1-800-822-6228, for assistance in participating in the Energy Commission's review of the proposed project.
