February 11, 2010

Dear Commissioners:

I support fully the Carlsbad Energy Center's application for a smaller more efficient plant in Carlsbad.

I attended the evidentiary hearings and found many inaccuracies advanced by the City of Carlsbad.

I also was appalled by people who had nothing but emotions to support their positions.

This important regional energy decision must be based on facts. People today are against nearly everything: roads, airports, ports and new power plants until they figure out what their lives would be like without the examples I have just cited.

I trust you will do the right thing and vote for the application.

Sincerely,
Ramona Finnila
Resident for over 30 yrs.
