Re: Docket # 15-BSTD-01
2016 Acceptance Testing Forms: Comment 03

INTRODUCTION:

The author is primarily concerned with changes to the Lighting Controls Acceptance Certification Forms included in the back of the 2016 Nonresidential Compliance Manual and will reserve comments on the other content of this manual.

ABSTRACT:

The FIELD TECHNICIAN'S DECLARATION STATEMENT "signature block" contains a block labelled:
"ATT Certification Identification (if applicable)".

When would this not be applicable? The Field Technician *is required* to be certified under the definitions from Building Energy Efficiency Standards section: 10-102-DEFINITIONS. This certification is required to sign the Acceptance Testing Documents.

This error appears on all four Acceptance Testing Forms.

EVIDENCE:

From: **10-102 – DEFINITIONS:**

ACCEPTANCE TEST TECHNICIAN is a **Field Technician** as defined in Section 10-102 who is certified by an authorized Acceptance Test Technician Certification Provider ...

LIGHTING CONTROLS ACCEPTANCE TEST TECHNICIAN is a professional certified by an authorized Lighting Controls Acceptance Test Technician Certification Provider to perform nonresidential lighting controls acceptance tests and complete the documentation required for nonresidential lighting controls acceptance tests as required by the Building Energy Efficiency Standards.

FIELD TECHNICIAN is a person who performs acceptance tests in accordance with the specifications in Reference Joint Appendix NA7, and reports the results of the acceptance tests on the Certificate of Acceptance in accordance with the requirements of Section 10-103(a)4.

A cursory examination of this Acceptance Testing Forms will disclose these errors.

FIELD TECHNICIAN'S DECLARATION STATEMENT		
I certify the following under penalty of perjury, under the laws of the State of California:		
1. The information provided on this Certificate of Acceptance is true and correct.		
2. I am the person who performed the acceptance verification reported on this Certificate of Acceptance (Field Technician).		
3. The construction or installation identified on this Certificate of Acceptance complies with the applicable acceptance requirements indicated in the plans and specifications approved by the enforcement agency, and conforms to the applicable acceptance requirements and procedures specified in Reference Nonresidential Appendix NA7.		
4. I have confirmed that the Certificate(s) of Installation for the construction or installation identified on this Certificate of Acceptance has been completed and signed by the responsible builder/installer and has been posted or made available with the building permit(s) issued for the building.
