REVISED NOTICE: New Docket Number for the Continuation of the New Solar Homes Partnership (NSHP)

Text of message to be sent:

This email is to clarify information on a recent notice regarding the upcoming Staff Workshop on the New Solar Homes Partnership (NSHP). Effective June 23, 2016, a new docket number (16-NSHP-01) was established for the continuation of the NSHP program as part of CPUC rulemaking 12-11-005 and approved decision 16-06-006. This new docket number replaces the existing docket number 06-NSHP-01 for previous NSHP related matters. Although the previous docket (06-NSHP-01) will be closed, the notices and other information under that docket will still be accessible through the new docket.

The Energy Commission has created a link for the "Continuation of the New Solar Homes Partnership" on the NSHP webpage: <http://energy.ca.gov/renewables/16-NSHP-01/>. If you click on the newly created link from the NSHP webpage, you will see that the new docket proceeding is now set up for the Commission's e-filing and e-commenting system. This new filing and commenting system is now live. All e-files and e-comments related to the Continuation of the NSHP will be automatically docketed under 16-NSHP-01. All e-comments are linked to the Go Solar listserv so that subscribers will be notified of new comments.
