Hi Alana,

It was a pleasure speaking with you, thank you for such a prompt followup.

Yes, this is a formal confirmation that I am completely agreeable to the 30 day extension if needed.

If we don't talk again before the holidays, I wish you a merry Christmas and happy New Year!

All the best,
Michael Dolen

Good Afternoon Mr. Dolan:

I am sending this email as a follow up to our discussion earlier today. Mary Dyas, the designated compliance project manager, received your complaint regarding the El Segundo Power Redevelopment Project. Per our regulations, CCR Title 20 section 1237(b), California Energy Commission staff is required to prepare and file a report within 30 days of receiving the complaint, which would be by December 26, 2012. As I shared with you in our conversation, we will have limited staff availability during this time and inquired as to whether you would be agreeable to a brief extension. Thank you for your cordial response and willingness to allow staff additional time to complete their report. I anticipate staff may need an additional 30 days. Please reply with confirmation that you are agreeable to a 30 day extension if needed for staff to complete their report. Again thank you for this allowance and we hope to resolve this matter as quickly as possible.
