Mr. John Gates  
Commercial Manager  
Inland Empire Energy Center, LLC  
26226 Antelope Road  
Romoland, CA 92585

SUBJECT: Inland Empire Energy Center Project (01-AFC-17C)  
Approval to Add Temporary Construction Laydown Area

Dear Mr. Gates:

In accordance with the provisions of Title 20, California Code of Regulations, section 1769(a), California Energy Commission staff reviewed your petition dated September 6, 2006, requesting approval to add approximately six acres of additional laydown to the project. Staff determined that the petition meets the criteria of section 1769(a)(2), and mailed the enclosed "Notice of Insignificant Project Change" to the Energy Commission's post-certification project mailing list on September 26, 2006.

The Energy Commission did not receive any public comments regarding this requested project change within the 14-day public review period as specified in section 1769(a)(2). Therefore, your requested modification for the temporary use of additional laydown is approved.

If you have any questions, please call me at (916)654-4545, or e-mail me at [cbruins@energy.state.ca.us](mailto:cbruins@energy.state.ca.us).

Sincerely,

CONNIE BRUINS
