RE: RECLAIM/Title V Facility Permit for the Inland Empire Energy Center (Facility ID 129816)

Dear Mr. Yee:

On behalf of Inland Empire Energy Center LLC, we are pleased to submit the enclosed District application forms requesting an administrative revision to the RECLAIM/Title V permit for the Inland Empire Energy Center (IEEC). We are requesting that John Gates be identified as the contact person and the responsible official in the RECLAIM/Title V permit. Under the District Title V regulations (Rule 3000.b.26.D), for Phase II Acid Rain facilities like IEEC the Acid Rain designated representative qualifies as a responsible official under Title V. As shown in the enclosed public notice, John Gates is the Acid Rain designated representative for the IEEC. Consequently, he qualifies as the responsible official for the IEEC under Title V. Also enclosed is a check in the amount of \$697.07 payable to the District to cover the filing fee for the requested administrative change to the permit (per Rule 301.I.6).

If you have any questions or need further information, please don't hesitate to contact me at (951) 928-6905.

Regards

John Gates

The SCAQMD is required by state law, the California Environmental Quality Act (CEQA), to review discretionary permit project applications for potential air quality and other environmental impacts. This form is a screening tool to assist the SCAQMD in clarifying whether or not the project¹ has the potential to generate significant adverse environmental impacts that might require preparation of a CEQA document [CEQA Guidelines §15060(a)].² Refer to the attached instructions for guidance in completing this form.³ For each Form 400-A application, also complete and submit one Form 400-CEQA. If submitting multiple Form 400-A applications for the same project at the same time, only one 400-CEQA form is necessary for the entire project. If you need assistance completing this form, contact Lori Inga at (909) 396-3109.
