Re: **Cosumnes Power Plant, 01-AFC-19C**
Withdrawal of Petition to Amend Dated March 29, 2007

Dear Ron,

The Sacramento Municipal Utility District Financing Authority ("SFA") hereby withdraws its March 29, 2007 petition (transmitted via my letter CPP07-021) to amend two Conditions of Certification for the Cosumnes Power Plant ("CPP") project (01-AFC-19C), specifically Conditions AQ-18 and AQ-24. As you are aware, the SFA's petition to amend sought to address minor changes to CPP's cooling tower specifications and higher than expected total dissolved solids in the circulating cooling water.

In accordance with our discussions earlier today, the SFA will be submitting a new petition to amend AQ-18 and AQ-24 within the next forty-five (45) days. We appreciate your continued assistance and patience with this process. Should you have any questions, please don't hesitate to give me a call at (916) 732-5139.

Yours truly,

Bob Nelson
