Subject: Russell City and Eastshore Energy Centers

Please do not approve either the Eastshore Energy Center or the Russell City Energy Center - to be constructed in the City of Hayward.

Reason: Russell City, overall, would release up to 134 tons of nitrogen oxides each year, 389 tons of carbon monoxide, 28.5 tons of precursor organic compounds, 12 tons of sulfur dioxide and 86 pounds of airborne particulate matter, BAAQMD said.....Eastshore could release up to 54 tons of nitrogen oxide each year, 84 tons of carbon monoxide, 76 tons of precursor organic compounds, six tons of sulfur dioxide and 64 tons of airborne particulate matter, according to BAAQMD.
