Hello Commissioner,

My name is Evelyn Carmack and I am a student and an employee at Chabot College in Hayward. I am writing to you to express my strong opposition to the building of the Russel City Power Plant in Hayward. I spend an average of 8 hours 5-6 days a week in close proximity to the intended location of the power plant and am fully aware of the detrimental effects it will have on my health, the health of hundreds maybe thousands of hayward residents and employees working in Hayward, and the environment. I would be very disappointed in the Hayward City government if this plan were to go through. PLEASE DON'T SUPPORT THIS DECISION!!

Thank you for representing the people of Hayward,  
Evelyn Carmack
