From : Department of Water Resources

Attached is the Department of Water Resources' Second Biennial Report submitted in compliance with the California Energy Commission (CEC) certification requirements for the Bottle Rock Geothermal Powerplant.

The report describes the wildlife survey conducted on the Francisco Leasehold and provides wildlife population data to effectively evaluate the mitigation measures employed to maintain wildlife species richness in the leasehold during the development and operation of the Bottle Rock Geothermal Powerplant.

Should you have any questions or comments regarding the attached reports, please call Gurmel Singh of my staff at ATSS 454-7417.
