1516 NINTH STREET
SACRAMENTO, CA 95814-5512DOCKET
79-AFC-4c

DATE: JAN 27 1993

RECD: JAN 29 1993

**NOTICE OF RECEIPT
OF THE
DEPARTMENT OF WATER RESOURCES'
PROPOSED MODIFICATIONS TO CONDITIONS OF CERTIFICATION
FOR THE BOTTLE ROCK GEOTHERMAL POWER PLANT
(Docket No. 79-AFC-4)**

On January 11, 1993, the Department of Water Resources (DWR) submitted to the California Energy Commission (CEC) staff a request to amend the Conditions of Certification for the Bottle Rock Power Plant located in Lake County. This same amendment request was previously submitted by DWR on December 17, 1991, but was rescinded before its scheduled hearing on June 24, 1992.

DWR states that in the past six months 1) no significant changes have occurred that would impact monitoring requirements; and 2) the Bottle Rock Power Plant continues to be shut down in the mothball status described in DWR's original request.

Commission Review Procedures

The purpose of the Commission's amendment review process is to assess the impacts on environmental quality, public health and safety, and to assess the consistency of the proposed changes with the Commission's decision on the case. Upon receipt of an amendment request, the Commission notifies interested parties, completes a staff analysis, and hears the amendment proposal at a regularly scheduled business meeting.

Part of the CEC's review process involves consideration of public comment on proposed changes. If you have any questions or wish to make comments regarding DWR's Request to Amend, please contact Ms. Jeri Scott, Compliance Project Manager, within 10 days of the date of this notice at the address on the enclosed Amendment Information Response Form, or call (916) 654-4228.

If you would like to receive a copy of DWR's Request to Amend proposed Conditions of Certification, the CEC staff analysis and/or the final Commission Order, please complete and return the enclosed Amendment Information Response Form.

For information on how you may participate in the amendment process, please contact the Commission's Public Adviser, Tracey Buck-Walsh, at (916) 654-4489, or toll-free in California at (800) 822-6228. News media inquiries should be directed to Assistant Executive Director, Claudia Barker, at (916) 654-4989.
