Subject: California Energy Commission Electric Transmission Data Request

Dear Mr. Griess,

In support of the 2009 Integrated Energy Policy Report (IEPR), the California Energy Commission has requested certain transmission related data from owners of the bulk transmission system (publication CEC-100-2008-012). On behalf of the Redding Electric Utility (REU), I would like to request that TANC include REU in any consolidated response to the data request, as has been coordinated in prior IEPR cycles.

If you have any questions or require any additional information, please feel free to contact me at (530) 339-7309 or nzettel@reupower.com.

Sincerely,
