Subject: 11-IEP-B Truckee Donner PUD Supply Forms

Stephen,

The Energy Commission respectfully requests electricity supply data from Truckee Donner PUD.

Please use the attached Excel file template -- customized for small POU's -- and forward to our Docket Office by April 29 (docket@energy.state.us).  
The adopted instructions are here: [http://www.energy.ca.gov/2011\\_energypolicy/datacollection/index.html](http://www.energy.ca.gov/2011_energypolicy/datacollection/index.html)

Also attached, for your convenience, are the 2009 supply forms S-1 and S-2 provided by Truckee Donner.

The 2009 supply forms from other LSEs are posted at <http://energyalmanac.ca.gov/electricity/index.html> in the section "Generation/Production".

Please be sure to complete S-5 forms for the UAMPS All-In-Pool and any other current power purchase agreements.

Capacity and energy data for 2009 and 2010 are requested, but a forecast of monthly loads & resources for the current year is no longer required.

Stephen, I am available to help with these forms in any way I can, and I look forward to meeting you in person some day.

Sincerely,

Jim Woodward  
Electric Generation System Specialist 1
