Chairman Robert Weisenmiller
Commissioner Karen Douglas
California Energy Commission
Docket Office, MS-4
1516 Ninth Street, MS-4
Sacramento, CA, 95814-5512

Dear Chair Weisenmiller and Commissioner Douglas:

Subject: Request for an Extension Responding to the California Energy Commission's (CEC) Request for Additional Information Related to the May 17, 2011 Workshop on *Transmission Needed to Meet State Renewable Policy Mandates and Goals*, "Docket #11-IEP-1E – Transmission."

The Los Angeles Department of Water and Power is requesting a one-week extension (until May 31, 2011) to fulfill the CEC's request for additional information related to the May 17, 2011 workshop on *Transmission Needed to Meet State Renewable Policy mandates and Goals*.

We are cognizant that extension requests need to be provided to the CEC 15 days in advance of the due date. Our original intent was to provide all data required by the original due date; however, it has become evident that we need additional time to fully integrate all required responses, and to complete all the required reviews and approvals.

Please call me at (213) 367-0381 or e-mail me at Randy.Howard@ladwp.com, if you have any questions or require additional information. I have informed your staff of this upcoming request. Your approval will be greatly appreciated.

Sincerely,

Randy S. Howard
Power Engineering Manager
