---

My wife and I have lived in San Clemente our entire lives. We met at Shorecliffs Junior High and we to San Clemente High School.

We just had our first baby boy, Zephyr Reynold Adams. He is 10 weeks old.

I live for the ocean and coastline! I surf, paddle board or swim almost 300 days a year.

This toxic and dangerous nuclear power plant should be shut down. It is unfair to compromise the safety of over 8 million Americans by keeping SONGS active.

Your decision could save lives and protect the livelihood of millions of people, including my wife and newborn Son.

Please fight for the shutdown of SONGS as quickly as possible.

Chris Adams
