

Renewable Energy Projects May 2014

Draft - this map is compiled from a variety of sources. The data reflects available information at the time the research was conducted, and is subject to change. Please consult the appropriate data source agency for the most up to date and accurate information. Agency contact information is available from MWA Water Resources Department. This map is for informational purposes only.

Quick Facts	
Number of Solar Projects:	
Under Construction/Built	13
Conditionally Approved	14
Not Approved - On Hold	5
Under Review	8
Expired/Withdrawn	3
Denied	1
Types of Solar Project:	
Hybrid Natural Gas-fired and Solar Thermal	1
Photovoltaic Solar	41
Solar Thermal Parabolic Trough	1
Power Tower	1
Number of Wind Project Applications:	
Authorized Testing	4
Pending Testing	6
Pending Turbines	1

This information has been compiled from cited data sources and reflects the best known information at this time (May 2014)

Legend

Solar Sites

- ★ Under Construction/Built
- Conditionally Approved
- Not Approved - On Hold
- Under Review
- Denied
- Expired/Withdrawn

Wind Energy Applications (BLM)

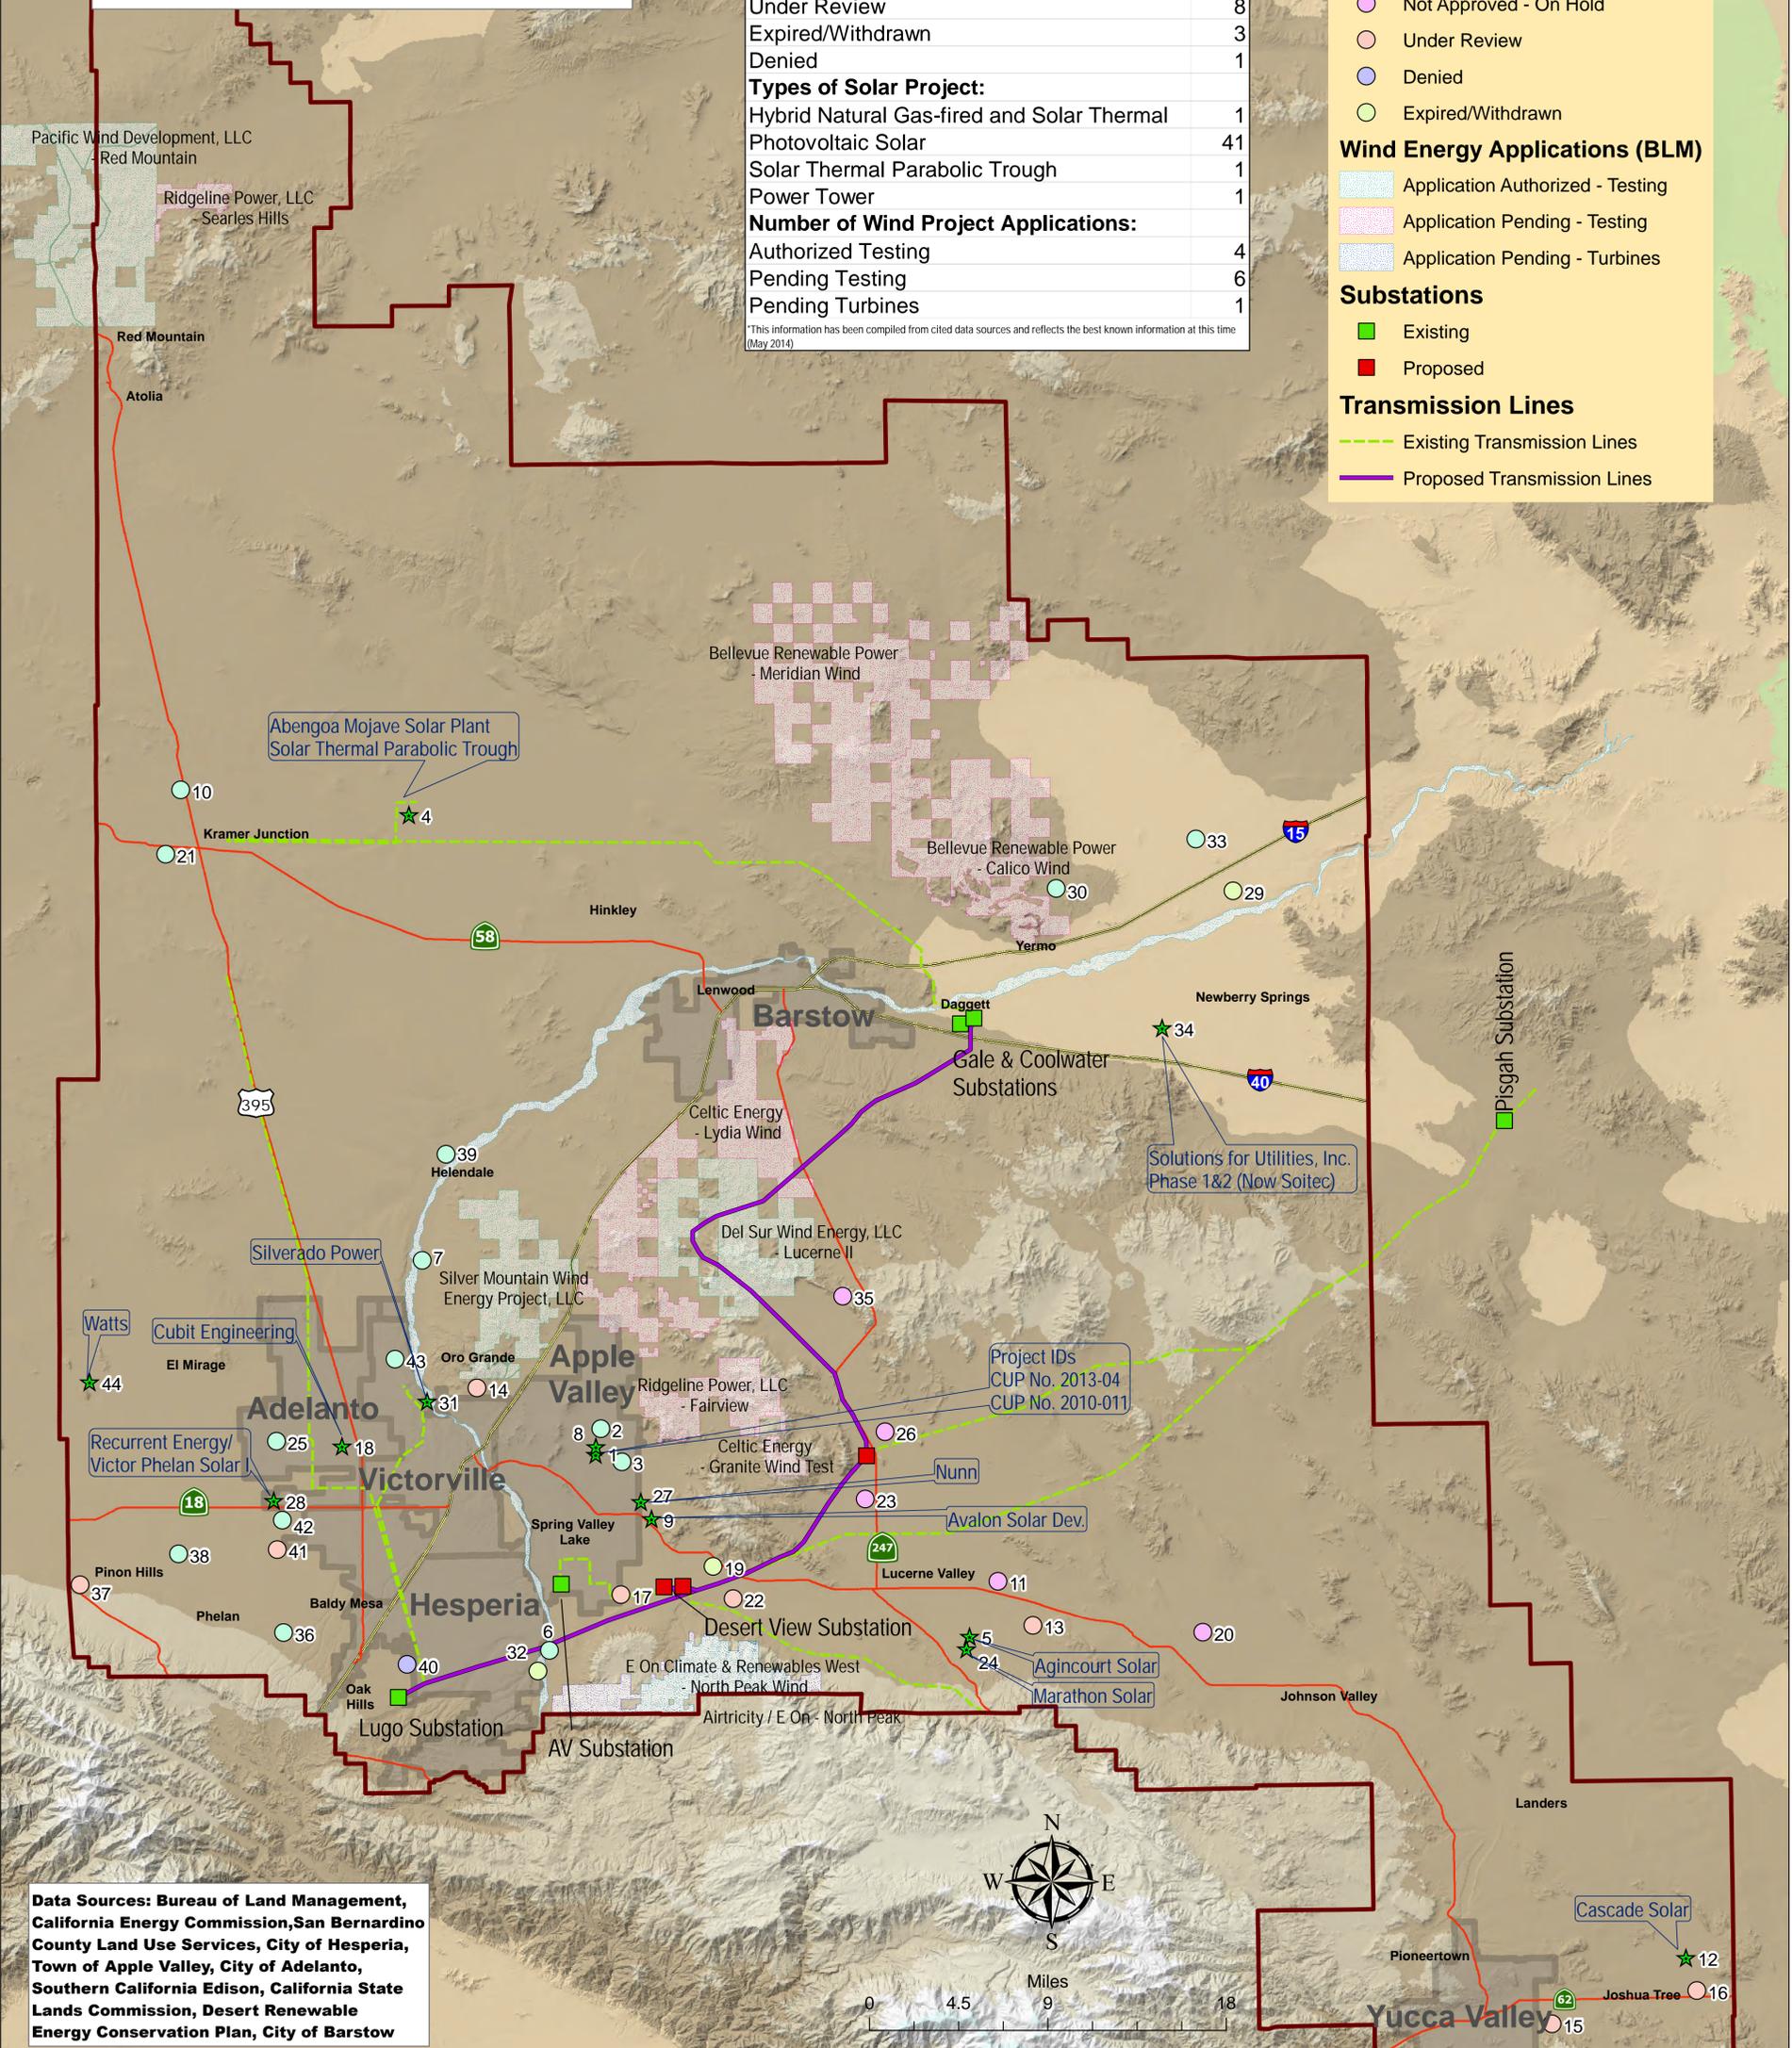

- Application Authorized - Testing
- Application Pending - Testing
- Application Pending - Turbines

Substations

- Existing
- Proposed

Transmission Lines

- Existing Transmission Lines
- Proposed Transmission Lines
