Subject: Title 24 Revisions

DOCKET 07-BSTD-1	
DATE	1/7/2008
RECD.	JAN 08 2008

Dear Commissioner:

I am writing to express my complete and total outrage at the proposed revisions to Title 24, particularly the "programmable communicating thermostat" provision. This provision is draconian, totalitarian and truly fascistic. It is an undeniable power grab and I cannot possibly express strongly enough my vehement opposition.

Sincerely,

Brian Gabriel
