Subject: Docket No. 07-BTSD-1

Ladies and Gentlemen of the California Energy Commission:

If this Docket No. 07-BTSD-1 goes into effect in our state I will consider it a hostile invasion of my personal privacy. My response will irrevocably be that I will build a new building in Oregon for my business, pay my key employees to relocate, and release my other 600+ employees from their service in my company. As a proud American, watching my country's constitutional liberties under siege by proposals such as this, I could not allow my family to live in this state if Docket No. 07-BTSD-1 is enacted.
