One-Cycle Control

The Art of Power Processing

OCC-Enabled Power Conversion

Government Contracts

Mobile Electric Power

Power Quality

Solar Inverter

Grid Support

SkyTran PRT Advances CEC Goals

OCC-enabled SkyTran PRT...

- **Grid-Connected Personal EV**
 - ✓ unlimited range
- **Energy efficient**
 - ✓ no battery on board
 - ✓ no charging
- **HVDC backbone**
 - ✓ leverages energy storage
 - ✓ facilitates renewables
- **AB-32 => 1990 GHG by 2020**
 - ✓ high rider throughput with low GHG

The Big Picture

GHG, Energy, & Congestion

2% VMT Growth by 2020

OCC Bidirectional Conversion

SkyTran is Energy Efficient

OCC Bidirectional Conversion

Renewable + PHEV or EV Charging + VTG

Vehicle Evolution

OCC Technology used in SkyTran

Successful Power Electronics Demonstration

SkyTran™ PRT Strategic Partner

Thank You.
