Subject: docket no. 09-renew eo 01

I am a residence of Pioneertown and past President of the home owners assoc. I have spent the last 10 yrs trying to keep the Old Town in good repair and clean for the tourist. We have taken great pride in our small community and love the western atmosphere. This project does not fit in our community as the LADWP Green Path did not fit. We have a movie's and video's shot here several times a year and this project would all but kill that. Not far from our quaint town are wind mill farms and a solar industry. Why would anyone want to destroy the pristine nature of this community. All I can promise is that we will support all legal action to stop this project. John Dugan Pioneertown
