**Re: DRECP NEPA/CEQA**

Thank you for the opportunity to comment on the draft Desert Renewable Energy Conservation Plan (DRECP). In our past review of the draft plan, it appears to be of little impact to Victorville. All of the incorporated boundary of our city falls within the Development Focus Area (DFA). Although parts of the city's sphere contain areas of critical concern under the plan, these areas would already require significant environmental mitigation actions if they were to be developed in any way.

Recently, other agencies have brought concerns to our attention which we have not been able to fully examine. As such, the city of Victorville respectfully requests additional time to examine these concerns and their potential impact to our city. We are aware of other similar requests for additional time to provide specific comments. Any extension granted based on the requests we have seen from others would provide ample time for our needs. Thank you for your consideration.

Sincerely,

  
Gloria Garcia  
Mayor
