On December 1, 2005, the Valle del Sol Energy, LLC, (VSE) filed an application for certification with the Energy Commission to construct, own, and operate the Sun Valley Energy Project (SVEP), an electricity generating facility in the unincorporated Romoland area of Riverside County, California. The project is designed as a peaking facility to meet electrical generation needs during periods of high demand.

The engineering and environmental details of the proposed project are contained in the Application for Certification (AFC). Copies of the AFC are available at the following libraries: Cesar E. Chavez Library (Perris, CA), Humboldt Library (Eureka CA), California State Library (Sacramento, CA), Riverside Library, San Diego Public Library, UCLA University Research Library, San Francisco Public Library, Fresno County Library

Landowners, members of the public, and governmental agencies are welcome to attend the Informational Hearing and to offer comments. The Applicant will explain plans for developing the project and Commission staff will explain the proceedings involved in reviewing the AFC.

Members of the public are invited to a tour of the proposed site during daylight hours. The Applicant will provide bus transportation from the information presentation location parking lot to the site. Bus departure time will be 3:30 p.m. For bus reservations or for further information on how to participate in these proceedings, contact the Energy Commission's Public Adviser at 916-654-4489 or 800-822-6228. Media inquiries should be directed to the Media and Public Communications Office at 916-654-4989.

Technical questions concerning the project should be addressed to Bob Worl, the Staff Project Manager, at 916-651-8853. Questions of a legal or procedural nature should be directed to Gary Fay, the Hearing Officer, at 916-654-3893.

Information concerning the status of the project, as well as notices and other relevant documents, can be accessed on the Energy Commission's Internet web page at: [[www.energy.ca.gov/sit\\_nrcases/sunvalley](http://www.energy.ca.gov/sit_nrcases/sunvalley)].
