**Re: Pio Pico Energy Center Project (11-AFC-1)
Copy of California Independent System Operator's Cluster 2 Phase II
Interconnection Study Report, Group Report for San Diego Gas & Electric Area**

Dear Ms. Ng:

Pursuant to your August 31, 2011 request, please find enclosed herein one paper copy of the California Independent System Operator's ("CA-ISO") Cluster 2 Phase II Interconnection Study Report, Group Report for the San Diego Gas & Electric Area (the "Study") as such relates to the above-identified project. The Study and related appendices have also been provided to Staff on a disc.

In addition, you requested Attachments 3 through 6 to Appendix A (the Individual Project Report) as the attachments were identified within the text of Appendix A, but not within the table of contents. We have identified these Attachments and submitted them to the Executive Director's office as the materials are confidential.

Finally, you requested certain power flow diagrams that were not included with any materials Applicant received from the CA-ISO related to the Study. We are looking into this request and will respond as soon as possible.
