**Subject:** CEC record-Docket #11-AFC-03 Quail Brush Power Generation Siting Case

**I oppose the QBGP that violates so many of San Diego's key local land use provisions and changes to the following: our LORS, East Elliot Community Plan, SD Community Plan, SD General Plan, and located within the MSCP and they would need to obtain a city boundary line adjustment of the Multi-Habitat Planning area to exclude the project site.**

**I Request that the CEC stop the QBGP by choosing the “No Project Alternative”, uphold the City of San Diego LORS and put a stop to this assault to our valued open-space!**

**Thank you,  
Retha Knight  
Santee, CA Resident**
