Subject: quail brush project

Hello,

My name is Rudy Reyes, might know me as i ran for 2nd Dist County Supervisor, i will be running again. I am contacting you in regards to the Quail Brush Power plant project. I am a intervenor in the project, i understand on March 27th; you have received a letter from the applicant asking the San Diego County Control Board "not expand additional review efforts". As a Intervenor i found this letter to be upsetting as it asks a official from a county Board to "pause" the investigation so the outcome of that investigation does NOT weight in on the CEC meeting/decision. I question the ethics and ask you not to oblige to the applicant, as we intervenor and CEC need that information to make prudent choices.

Please consider my request for the good of the people of San Diego County.

Rudy Reyes
