To all parties to the Los Estero 2 proceeding (Docket No. 03-AFC-2)-

In response to CARE's request to accommodate vacation schedules, the Committee will extend the deadline for filing reply briefs until **NOON on Monday, August 22, 2005.**

CARE agrees with staff that the current record has been fully briefed and there is no need for additional briefing unless CARE's request for rehearing is granted. CARE objects for the record to the filing of reply briefs. Since the committee has already granted leave to file reply briefs, CARE requests that their reply brief deadline be extended to August 22 due to vacation schedules.
