AND DEVELOPMENT COMMISSION**

Application for Certification
for the San Francisco
Electric Reliability Project

Docket No. 04-AFC-1

**Petition for Full Commission Review of Ruling Denying CARE's Motion for
Extension of Time and Change of Evidentiary Hearing Schedule**

On April 20, 2006 Californians for Renewable Energy, Inc. (CARE) received by electronic mail a copy of the San Francisco Electric Reliability Project Siting Committee *Ruling Denying CARE's Motion for Extension of Time and Change of Evidentiary Hearing Schedule*, dated April 14, 2006, six days prior to CARE's receipt of such ruling.

Pursuant to Section 1215 of the Commission's Rules of Practice and Procedure CARE Petition's for full Commission review of the Committee's *Ruling Denying CARE's Motion for Extension of Time and Change of Evidentiary Hearing Schedule*. CARE seeks the full Commission's review of the Committee's Ruling as regards our requests for changes in the evidentiary hearings schedule as well as the Committee's failure to address our request for an extension of time to file our testimony.

While CARE does not object to the Committee granting other Parties' requests for extension of time to file testimony supporting the project's approval. The Committee's denial of CARE's request, on its face, appears to be discriminatory against CARE and its members, who oppose this project. Because our Bayview Hunters Point San Francisco members are low income people of color who will be disparately impacted by the project's approval, we interpret such action by the Committee, as an act of unlawful retaliation by the CEC for bringing our US EPA OCR Title VI Complaint of racial discrimination against the Commission (File No: 2R-00-R9) as well as our US DOE OCRD Title VI Complaint of racial discrimination against the City and County of San Francisco (CCSF) and the CEC for their support of the development of this project in the Bayview Hunters Point San Francisco community (File No: 03-003-HQ).

Respectfully submitted,
