Puilulaw Khus
2001 San Bernardo Creek
Morro Bay, CA 93442

PROPOSED NEW TURBINE AT PASTORIA ENERGY FACILITY; TEJON RANCH, KERN COUNTY

Dear Puilulaw Khus:

Your name was provided to the California Energy Commission (Energy Commission) by the Native American Heritage Commission as a representative of a Native American community who might be interested in the proposed construction and operation of a power plant in Kern County.

The Energy Commission has jurisdiction over the proposed project and has received an application for a permit to add a 160 MW turbine generator to the existing Pastoria Energy Facility, located on Tejon Ranch. You will receive, if you have not already received, specific information about the proposed power plant from the project applicant. Information about the project can also be viewed on the Energy Commission website at <http://www.energy.ca.gov/>.

We anticipate holding public workshops and hearings and will notify you concerning the times and locations of these workshops and hearings, and the topics to be covered.

Please review project related information and if you have concerns regarding cultural resources that could potentially be affected by the proposed power plant and related facilities, please contact one of the Energy Commission's cultural resources staff persons below:

Beverly E. Bastian (916-654-4840), Gary Reinoehl (916-651-8868), or Dorothy Torres (916-653-3992), California Energy Commission; 1516 9th Street, MS 40; Sacramento, CA 95814; Fax: (916) 651-8868; E-mail: bbastian@energy.state.ca.us, greinoeh@energy.state.ca.us, dtorres@energy.state.ca.us

The cultural resources staff welcomes your comments at any time, but we anticipate completing our environmental document by the middle of November, 2005. You may also call the Commission's Public Adviser, Margret J. Kim, toll-free at 1-800-822-6228, for assistance in participating in the Energy Commission's review of the proposed project.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul Richins".

You will receive, if you have not already received, specific information about the proposed power plant from the project applicant. Information about the project can also be viewed on the Energy Commission website at <http://www.energy.ca.gov/>.

We anticipate holding public workshops and hearings and will notify you concerning the times and locations of these workshops and hearings, and the topics to be covered.

Please review project related information and if you have concerns regarding cultural resources that could potentially be affected by the proposed power plant and related facilities, please contact one of the Energy Commission's cultural resources staff persons below:

Beverly E. Bastian (916-654-4840), Gary Reinoehl (916-651-8868), or Dorothy Torres (916-653-3992), California Energy Commission; 1516 9th Street, MS 40; Sacramento, CA 95814; Fax: (916) 651-8868; E-mail: bbastian@energy.state.ca.us, greinoeh@energy.state.ca.us, dtorres@energy.state.ca.us

The cultural resources staff welcomes your comments at any time, but we anticipate completing our environmental document by the middle of November, 2005. You may also call the Commission's Public Adviser, Margret J. Kim, toll-free at 1-800-822-6228, for assistance in participating in the Energy Commission's review of the proposed project.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul Richins".

Paul Richins, Manager
Environmental Protection Office
Energy Facilities Siting and Environmental Protection Division
