**APPLICANT'S STATUS REPORT #1**

Calpine Corporation ("Applicant") submits this Status Report in response to the Committee's order of October 18, 2006

The Presiding Member's Proposed Decision ("PMPD") for the Pastoria Energy Facility expansion ("PEFE") was published June 8, 2006. On June 30, 2006, the Applicant informed the Committee that the Applicant might be submitting to the San Joaquin Valley Air Pollution Control District (District) a request to revise the package of offsets to be applied to the PEFE project. At the PMPD conference on July 6, 2006, the Applicant requested a continuance of the certification process pending Calpine's possible revision of its air quality offset package.

Following extensive discussions between the Applicant and the staffs of the District and the California Air Resources Board, and a review by the District of each of the Emission Reduction Credit ("ERC") certificates held by the Applicant, the Applicant has now concluded that there would be no significant benefit to making any changes to the ERC offset package for PEFE.

The Applicant is not aware of any other outstanding issues. Consequently, the Applicant requests that the Committee finalize the PMPD and present it to the full Commission for final
