Dear Dr. Reede:

The City of Vernon (City) hereby withdraws its pending application for certification for the proposed combined cycle power plant, CEC docket number 06-AFC-1, pursuant to Title 20 of the California Code of Regulations section 1709.8. The City has decided to reconfigure the proposed combined cycle power plant for a higher output necessitating the relocation of the proposed project to a larger site. The City intends to file another application for certification for a reconfigured power plant by the end of May 2006 or beginning of June 2006.

As the Director of Light & Power for the City of Vernon, I hereby attest, under penalty of perjury, that the contents of this withdrawal of application for certification are true and accurate to the best of my knowledge.
