**Re: Reallocation of Application Fees
City of Vernon Combined Cycle Power Plant
Application for Certification, Docket # 06-AFC-1**

Dear Dr. Reede:

As discussed in our meeting of March 29, 2006, the City of Vernon is withdrawing its application for certification related to CEC docket number 06-AFC-1, and will be submitting the formal withdrawal by separate letter. The purpose of this letter is to request that fees paid to the CEC pursuant to California Public Resources Code section 25802 and Title 20 California Code of Regulations section 1708 in connection with the previously proposed combined cycle power plant (CEC docket number 06-AFC-1), which remain unused, be applied to the new application for certification for a reconfigured power plant that the City intends to submit to the CEC by the end of May 2006 or beginning of June 2006. When the City files its application for certification for the reconfigured power plant, it will pay any fees required in addition to those fees reallocated from docket item 06-AFC-1.

Exclusively Industrial

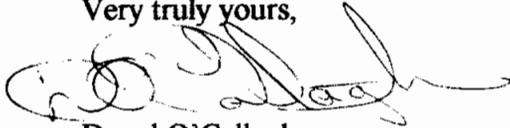

James W. Reede, Jr., Ed. D.

If our understanding regarding the application fees is incorrect, please contact me at your earliest convenience at (323) 583-8811, Ext 834 or Dr. Krishna Nand at (323) 583-8811, Ext 211.

Very truly yours,

A handwritten signature in black ink, appearing to read "Donal O'Callaghan". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Donal O'Callaghan
Director of Light & Power
