The CEC does not have information regarding discount cash flow projections but the Application for Certification (AFC) does contain some fiscal information that you may find useful. The AFC can be accessed electronically at <http://www.energy.ca.gov/sitingcases/starwood/documents/index.html> Please refer to section *5.10.2.6 Fiscal Resources, Vol. 1* of the AFC filed by Starwood Power- Midway, LLC.

Let us know if we can be of further assistance.

Starwood Power-Midway, LLC is proposing to build a 120-megawatt natural-gas-fired power plant in Fresno County. Has Starwood Power-Midway, LLC submitted Discount Cash Flow projections to the California Energy Commission where it demonstrates that this power plant would be profitable? If Starwood Power-Midway, LLC submitted DCF projections, please forward the DCFs to our office. Your assistance in this matter is greatly appreciated.
