Subject: AES Highgrove Project (06-AFC-2)  
Supplement C

Dear Bob:

On behalf of the AES Highgrove LLC, please find attached 125 copies (75 hard copies and 50 CD-ROM copies) of AFC Supplement C, which addresses the change in process water supply and in the cooling tower size.

We are submitting 5 sets of the dispersion modeling files and the health risk assessment modeling files on CD-ROM. Also, due to its size, we are only submitting 5 hard copies of the EDR report (Appendix 3.13A). The complete EDR report will be included in the CD-ROM copies of Supplement C.

Please call me if you have any questions.

Sincerely,

CH2M HILL

John L. Carrier, J.D.  
Program Manager
