Staff spoke with Vanessa Giuliano, of the Chula Vista Fire Department, in regards to first response to the project site. Ms. Giuliano stated that the project site would fall within three station's jurisdictions. The stations are: Station 5 (391 Oxford Street), Station 3 (1410 Brandywine Ave.) and Station 9 (266 East Oneida). Station 5 would most likely be the first response. All three stations are staffed with Hazmat trained personnel. Station 3 has the City's only Urban Search & Rescue vehicle. The Chula Vista Fire Department would transport any medical emergencies to the nearest hospital, Sccipps-Mercy Hospital (435 H St).
