Re: Docket No. 07-AFC4

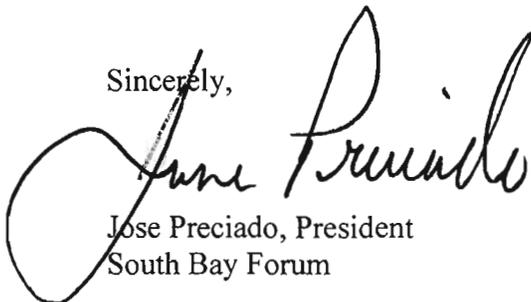

Dear Presiding Members,

We wish to thank you for the efforts you have made to evaluate the Application for Certification for (07-AFC-4). We support your decision to deny for the reasons cited, particularly the fact that the project was inconsistent with our general plan. We also agree that more should have been done to analyze other alternative sites in eastern Chula Vista. We understand the need for and support the construction of additional peaker plant capacity as long as it is appropriately sited.

Our members have voted to oppose this application for the same reasons.

We look forward to the rescheduled meeting in Chula Vista on Monday April 13, 2009 and the final resolution of this issue.

Sincerely,

Jose Preciado, President
South Bay Forum

Earl Jentz, Designated Representative
