Re: IVANPAH SOLAR ELECTRIC GENERATING SYSTEM

(Docket Number 07-AFC-5)

To whom it may concern,

My name is Karen Coradin and I'm a sophomore, full time student in Saint Leo University. While in class, we discussed about the Ivanpah Solar Electric Generating System and the consequences that this project might bring to our environment. Even though this project might bring some benefits, the negative consequences to our environment are much bigger.

Please take this e-mail and all other comments or e-mails in consideration. This is public land and it belongs to me and to the rest of the population in the United States.

Sincerely yours,

Karen Coradin
