RE: Carlsbad Energy Center Project, 07-AFC-6

Dear Commissioner Boyd:

I would very much like to express my support for the proposed Carlsbad Energy Center Project. Residents and businesses alike in North San Diego County require quality and sustainable resources for a reliable and economical supply of electricity. The Carlsbad Energy Center (quick starting, efficient and meeting greenhouse gas reduction initiatives) is an ideal project for providing energy and to support development of new renewable resources.

I had the opportunity to meet with the residents of Ocean Hills, next to the proposed site by Carlsbad City Council. Ocean Hills is a planned senior community of over 1600 homes. This senior community is very vocal and strident against the relocation of the energy center bordering Oceanside and Vista and very close to their homes. However, it is clear that the proposed site (between the I-5 freeway and the NCTD railroad tracks) is the ideal location for the smaller and more environmentally friendly Carlsbad Energy Center Project.

In the interest of protecting electric ratepayers from unnecessary duplication of existing infrastructure now located at the Encina Station, the proposed location avoids extra electricity cost burdens on our people and businesses.

I urge your timely approval of the sustainable Carlsbad Energy Center proposal

Sincerely,

Rocky J. Chavez
Deputy Mayor
