DOCKET

07-AFC-6

DATE 8/25/2009

RECD. 8/26/2009

Dear Dr. Moore,

When the San Diego Air Pollution Control District issued their Preliminary findings (PDOC) regarding the application by NRG for their CECP power plant in Carlsbad, we requested that a public hearing be held. We were informed at that time that it was the policy of the District not to hold public hearings until the Final findings (FDOC) were issued.

We still believe that there are sufficient issues in the FDOC, which warrant involvement of the public in a public hearing, and would appreciate your informing us as to when such a public hearing will be conducted.

Sincerely,

Arnold Roe, PhD
