Docket No. 07-AFC-6
1516 Ninth Street, MS-4
Sacramento, CA 95814

TO THE COMMISSION:

PLEASE KEEP THE NRG POWER PLANT IN ITS PRESENT LOCATION.

If you move the NRG plant near Ocean Hills Country Club, it would significantly impact our senior citizens negatively in many ways:

- By the increased pollutants and noise pollution, leading to health issues.
- Create an increased concern for fire safety.
- Cause impact on Preserve Calavera, which is immediately adjacent to our homes.
- With the Palomar Airport very nearby, the NRG power plant would only increase worries about flight safety.
- So many of our seniors here are dealing poorly with economic issues and would suffer greatly with the additional stress due to worry about a nearby power plant.

We would appreciate your understanding and your vote to keep the NRG power plant in its present location.

Sincerely,

Larry Vinikow
