DOCKET	
07-AFC-6	
DATE	
RECD.	FEB 16 2010

We are residents of Ocean Hills Country Club in Oceanside, just east of Carlsbad, north of Palomar Airport.

We support the decision of the California Energy Commission's staff to site the new power plant at the current location in Carlsbad. We believe that locating the plant at an inland location is unwise due the impact on the Calavera Preserve, Palomar Airport safety, noise in residential areas and fire safety concerns.

We request that you support the staff's recommendation and site the new power plant at the location of the existing power plant.

Thank you for considering our position.

Sincerely,

Thomas H. Schneider
