RECD. FEB 22 2010

I am writing this letter to strongly protest the City of Carlsbad's greedy effort to move the NRG plant to another site close to our senior community of Ocean Hills Country Club, putting their economic motives ahead of our health & welfare, environmental and property value concerns.

The average age of our residents is around 77 years. I am 80 years old, have lived here 20 years and plan to spend my remaining years here. I have served my country and state and would expect my government and agencies to protect my welfare and interests.

Your agency made the thoughtful decision to to keep the NRG plant where it is now. Please do not let the city of Carlsbad's desparate efforts change that decision.

Respectfully,
Paul Gole
