Energy Commission Docket Unit
Docket No. 07-AFC-6
1516 Ninth Street, MS-4
Sacramento, CA 95814

Dear Sir or Madam:

I was deeply disappointed in Carlsbad's performance last week at the Energy Commission hearings. In fact, as a resident of this beautiful city, I was flat out embarrassed. It was so obvious that the city leaders were purposely misconstruing the facts. Hopefully the commission saw through their falsehoods.

I strongly urge you to support the Carlsbad Energy Center project.

Sincerely,

Gary Colby
