As a resident and home owner that lives just north of the lagoon and will be GREATLY affected by your decision, I hope you can "hear" THE VERY PEOPLE WHO LIVE HERE.

You have OTHER options. USE THEM.

Do Not destroy our coast line, There are so many other uses for that location. You have the power to help our city, or ruin it with more pollution, noise, and a ugly blight.

As a native californian, Born here, Please MOVE THIS MONSTER to another location.

Thank You,

Julie Daun
