JUL 23 2012

Hello,

I'm writing on behalf of myself, family and our 35 employees. All of us that live and work in Carlsbad would be deeply concerned with the impact of the proposed power plant. I currently live on the Hedionda Lagoon and would most likely relocate our family and business if power plant were to be built. We all love the Carlsbad community, but feel this would have a detrimental impact on surrounding properties and overall appeal of our beautiful coastal community.

Please consider an alternate location for power plant.

Thank you,
Glen Steward
