

CALIFORNIA ENERGY COMMISSION

1516 NINTH STREET
SACRAMENTO, CA 95814-5512
www.energy.ca.gov

January 18, 2008

The Honorable Juan Arambula
Member of the California State Assembly
State Capitol, Room 2141
Sacramento, CA 95814

Dear Assembly Member Arambula:

On September 27, 2007, the Kings River Conservation District (KRCD) submitted an Application for Certification (AFC) to the California Energy Commission seeking approval to construct and operate a 565-megawatt, combined-cycle power plant, the Community Power Project. The proposed project site is a 32.25-acre parcel near the City of Parlier in western Fresno County.

On December 5, 2007, the Energy Commission accepted the AFC as complete which initiated the Energy Commission staff's independent review of the proposed project. Over the coming months the Energy Commission will carefully examine the engineering, potential public health, and environmental aspects of the proposed power plant and all related facilities, such as electric transmission lines and natural gas and water pipelines. Public workshops and hearings will be held to determine whether the proposed project should be approved and, if so, under what set of conditions. Notices will be issued at least 10 days prior to these public events. If the AFC is approved, KRCD intends to begin construction in 2009 and to commence commercial operations in 2011.

The status of the project, copies of notices, an electronic version of the AFC, and other relevant documents are available on the Energy Commission's Internet web site at <http://www.energy.ca.gov/sitingcases/communitypower/index.html>. You can also subscribe to receive e-mail notification of notices at <http://www.energy.ca.gov/listservers/index.html>.

The Honorable Juan Arambula

If you would like a briefing on the Energy Commission's power plant review process and the proposed project, please contact Michael Smith, Director, Office of Governmental Affairs, at (916) 654-4942. If your constituents would like to participate in the Energy Commission's review of this project, they should contact the Energy Commission's Public Adviser's Office, at (916) 654-4489 or toll free in California, at (800) 822-6228.

Sincerely,

A handwritten signature in black ink, appearing to read "Melissa Jones", with a large, stylized flourish at the end.

MELISSA JONES
Executive Director

Same Letter Sent To:

The Honorable Dean Florez, Member of the California State Senate
The Honorable Judy Case, Member of the Fresno County Board of Supervisors
